APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PR-4597

THIS APPLICATION is to be filed with the Regional Manager of Pollution Control, 3547 Skaha Lake Road, Penticton, B.C. V2A 7K2.

Any person who qualifies as an objector under section 16 of the *Pollution Control*

Act may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of serving a copy of the application, file with the Director at the above address an objection in writing to the granting of an amendment stating the manner in which he is affected.

Preamble—The purpose of this application is to obtain an amendment to allow burning of all refuse, including the trench, at the Rock Creek Refuse Disposal Site.

Werner Baliko of the Regional District of Kootenay Boundary, hereby applies for amendment, as described below, to Pollution Control Permit PR-4597, granted on December 9, 1977, which authorized the discharge of refuse from municipal (and rural) sources located at Rock Creek, B.C., to land.

AMENDMENTS REQUESTED

Before: There was to be no burning of putrescible wastes (in the trench). All fires were to be kept out and frequent covers of earth were to be made over the refuse.

After: Due to the rural location and limitations of future expansion at the site, it is felt that controlled burning of all refuse would alleviate the problem of land shortage and save the taxpayer money to constantly work the site.

This application, dated on June 14, 1982, was posted on the ground in accordance with the Pollution Control Regulations.
